The time capsule is not scheduled to be opened until 2076. Ms. Gaynelle Riddick requested to have the time capsule opened on its fiftieth anniversary which will be in

Councilman Linwood Johnson stated his concern was that there was only one committee member living and thought that it would be great to have it opened while she was still living.

Mayor Rabil stated he thought it would be a good idea to contact some of the citizens that contributed to the time capsule to see what their thoughts were regarding opening the time capsule early.

August 17, 2021

To: Franklin City Council

From: Amanda C. Jarratt, City Manager

Reference: Southampton County Courthouse Update

Background Information

Please be advised that I attended the opening of the bids for the Southampton County Courthouse on behalf of the City of Franklin. Five bidders prequalified and two withdrew in advance of that day.

Two bids were received as follows:

Heartland Construction: Base Bid \$22,100,000.00

\$500/hour

Bid Alternate 1 \$51,000.00

Bid Alternate 2 \$27,000.00

Kenbridge Construction: Base Bid \$23,863,000.00

\$300/hour

Bid Alternate 1 \$41,000.00

Bid Alternate 2 \$27,000.00

The target bid including the Hunterdale Elementary School improvements that we are not responsible for was \$16.8M. This is \$5.3M over projections. We believe this is due to materials and labor costs and the changing environment associated with COVID-19. An initial discussion was held with the contractor to determine what if any cost savings there might be.

The following was discussed:

- The bid exceeds the Owner's budget. The group agreed that it is unlikely and unrealistic that we will be able to cut \$5-6M out of the project cost to meet the project budget since the Owner does not wish to reduce the scope, size, or function of the building.
- In addition to savings to be gained through this VE exercise, the Owner is also pursuing sources of alternative funding.
- The Owner would like to present the probable construction cost in as finalized a state as possible at the Board of Supervisors meeting on Tuesday, September 7. We will be working to meet that goal as follows:
 - o Heartland will take a first pass at generating a list of potential VE items. Heartland may choose to generate this list internally or with feedback solicited from their subs.
 - Heartland will own the master list of VE items.
 - Heartland is encouraged to be creative in generating this list.

- o The design team will simultaneously prepare a list of known low-hanging fruit (e.g., finishes) that may be reduced or substituted without compromising the building scope, size, or function.
- o Heartland and G&HA will exchange lists by the end of the day on Tuesday, 8/24.
- o The group will reconvene to discuss the compiled VE list at 3:00pm on Wednesday, 8/25.
- o A finalized list will be prepared by Friday, September 3.

The items outlined above are scheduled to be presented to the Southampton County Board of Supervisors on September 7th. An invitation has been extended to you all to attend if you would like.

Needed Action

Provide direction to staff on whether or not they would like a joint meeting with the Southampton County Board of Supervisors on September 7th.
