

CITY OF FRANKLIN, VIRGINIA
MEDIUM GENERAL SERVICE
Rate Schedule MGS-D

The City of Franklin shall charge and collect for Medium General Service electric service on the basis of this **Rate Schedule MGS-D**. The General Terms and Conditions specified in Section 8 of the Code of Ordinances of the City of Franklin are incorporated by reference as a part of this rate schedule.

Availability: This rate schedule is available for the supply and delivery of all of the electric service requirements of the Customer for any purpose, other than Residential Service, where the Customer's metered kW demands are 100 kW or greater but less than 500 kW. If the Customer's metered kW exceeds 500 kW more than twice during any twelve (12) consecutive months, the City will transfer the Customer's service to Rate Schedule LGS. However, the City will not transfer the Customer's service to Rate Schedule SGS until the Customer's metered kW demand has been less than 30 kW for twelve (12) consecutive months.

Character of Service: Service under this rate schedule shall be alternating current, 60 Hertz, 1-Phase or 3- Phase, at the City's option of the standard voltages available from its electric distribution system (the "**System**"). Standby or resale service is not permitted under this rate schedule.

Monthly Rate:	<u>July 1, 2017</u>
Customer Charge – Single Phase	\$ 45.00 per month
Customer Charge – Three Phase:	\$ 90.00 per month
Demand Rate (All metered kW)	\$ 14.97 per kW
Energy Rate (All metered kWh)	\$0.04846 per kWh

The above rate per kWh will be adjusted plus or minus in accordance with the Fuel and Purchased Power Cost Adjustment Schedule PCA.

Water Heater Control Credit: If the Customer agrees to allow the City to automatically interrupt the Customer's electric hot water heater for not more than two consecutive hours during any interruption, the monthly bill calculated pursuant to the Monthly Rate will be reduced by \$5.00 for the first heater and \$2.50 for each additional heater.

Minimum Charge: The monthly minimum charge shall be the monthly Customer Charge plus the Demand Rate times fifty per-cent (50%) of the maximum metered kW demand during the previous eleven (11) months.

Determination of Demand: The kW demand applicable to the Demand Rate shall be the highest kW load measured in any 30-minute interval during the billing month.

Payment: Payment is due in the office of the City Treasurer by 5:00 PM on the date specified on the bill.

Interruption of Service: The City will make reasonable provisions to insure satisfactory and continuous service but does not guarantee a continuous supply of electricity from the System and shall not be liable for damages occasioned by interruptions of service or failure to commence delivery caused by acts of God, or the public enemy, or for any cause reasonably beyond the
